

Princess Aimee R. Nuguit

Information Technology | Web Development | UI/UX Design

Email: nuguitprincessaimee@gmail.com Location: Eastern Visayas, Philippines

PROFILE

Information Technology graduate with a strong interest in web development, programming, and UI/UX design. Experienced in building student and portfolio projects using front-end technologies and basic database concepts. Interested in creating simple, useful, and user-friendly digital solutions.

SKILLS

Programming	HTML, CSS, JavaScript, Java, C++, C#
Tools	Visual Studio Code, Git/GitHub, Firebase
Design	UI/UX fundamentals, responsive web design, wireframing
Other	Database fundamentals, debugging, teamwork, documentation

PROJECTS

Focus Assist — Productivity Web App

Designed a student-focused interface for organizing tasks and supporting focused study sessions. Worked on page layout, navigation, and user-friendly interaction concepts.

Green Cravings — Business Website Concept

Created a simple digital concept for a healthy snack business, including product presentation, basic branding, and a user-friendly web layout.

Portfolio Website

Built and customized a personal portfolio using HTML and CSS, with sections for About, Skills, Projects, Experience, and Contact.
